### Custom Productions - Starting at \$1800

Original content including scripting, filming, editing, branding, and translation. Pricing based on scope.

Select from a growing library of healthcare topics.

Production price includes one set of branded English and Spanish videos (1-2 minutes each).

Customization of existing videos includes your branding and contact information.

Compared to traditional vendors, our service delivers 50% to 70% savings, without sacrificing quality or impact. Our content covers what matters most: preventive care, chronic condition management, and public health awareness—bilingual, relevant, and ready to use.

**We're committed to growing our video library to meet the evolving needs of your patients.**
